

2020 NARPM Broker/Owner Conference & Expo Call for Presentations

The 2020 NARPM Broker/Owner Conference will be held April 20-22, 2020 at the Turtle Bay Resort in Hawaii.

The deadline to submit a proposal is September 27, 2019.

Notification of acceptance will be made no later than November 1, 2019.

Proposed workshops/breakout sessions are now being considered for the 2020 NARPM® Broker/Owner Conference & Expo. This is the premiere event for Brokers and Owners. It is an exclusive event and attendance is limited to 500. Consider becoming a part of the rich NARPM® tradition of sharing professional and business knowledge by submitting a proposal to speak.

As you consider submitting a presentation proposal, keep in mind that NARPM® Broker/Owner Conference attendees want practical knowledge – give attendees ways to become more effective professionals, information that can be applied or tools that can be put to use, and job aids which are always popular. Theory is useful only when session participants are shown how to use it. Learning is not a passive activity. Give yourself a break – let others help do the talking. Attendees usually learn best when they are doing, not only when they are listening. Involve participants by asking questions, using exercises, and other activities. Popular themes include elements of risk management, business growth and using technology.

All NARPM® members are invited to submit proposals for Conference Presentations using this form. The professional submitting this proposal for the program is responsible for contacting all co-presenters and for all details including proposal submission, communication with co-presenters, presentation format and audio-visual requests. The Association will provide a screen and projector for sessions needing them. You must provide your own laptop for any PowerPoint presentations. The Association will determine if and what type of microphones will be used in each session. Requests for additional audio/visual equipment will be considered on a case-by-case basis. Internet access in the meeting space is not provided by NARPM®. Please note: NARPM® policy states that Affiliates may not attend or speak at this NARPM® event unless they are paid exhibitors at this event.

The Conference Planning Committee will review all proposals that are submitted by the deadline until the program is complete. Proposals must be typed, with all information filled out completely. This form has data entry sections to complete the information. Submissions must also include a video clip or link to a video clip featuring the presenter speaking to a group. Incorrect, handwritten or incomplete submissions will be returned and not considered until properly submitted. NARPM® policy states that Affiliates may not attend or speak at NARPM® events unless they are paid exhibitors at that event.

Note: We reserve the right to change your presentation format and/or length, if necessary, in order to balance the conference program. If this becomes necessary, we will contact you.

Please provide references:

Will get and submit

Please upload a video clip featuring the presenter(s) speaking to a group.

Please upload your presentation slides here. (Do not email to staff or committee members.)

Session Summary

Propertyware Broker Owner 2020 Submission

Note: Our goal would be to do this as a panel. In absence of a panel, specific case studies will be discussed by an industry expert. Once we get closer and know who will be attending we can put together the panelists. If not, we will have a formal deck with the case studies and supporting data.

If it is a panel we would do a deck with objectives and panelists information.

The Property Management Ecosystem –Growth Without Limits

Are you optimizing your property management software to achieve your growth and efficiency goals? Learn how to use technology and partners to drive winning results and enable your existing staff to do more without adding headcount.

In this session, our panel of vendors and operators will discuss case studies that demonstrate how they've achieved or exceeded their growth goals in specific areas of their operations such as leasing, move in's, move out's and maintenance.

See how you can:

- Capture new owners and tenants
- Grow PMC revenue without adding staff
- Save time and reduce risk
- Leverage partnerships to extend your property management system
- And more.
