

Every minute nearly 20 people become the victims of identity theft, adding up to 10 million people annually. It could happen to you. Are you protected?

ID Theft Assist

The Problem:

Identity Theft is the fastest growing crime in America. It is the only crime where the suspect is presumed innocent before proven guilty, and the victim is presumed guilty until proven innocent. If someone steals your identity, you will spend an average of 175 hours resolving problems caused by the crime.

The Solution:

Having your identity stolen does not have to ruin your life or your credit. ID Theft Assist, the only true third-party recovery service for identity theft victims, can help restore your credit and your good name.

While many 'recovery' programs will tell you what to do, the representatives at our 24/7 Emergency Call Center actually do the recovery work for you.

Low Annual Cost:
\$149.99 for your entire family!
