

IT IS TIME TO GET INVOLVED. HERE IS WHY...

When NARPM® randomly asked Members why they are involved in NARPM® people answered:

“Giving back to an organization that has given me tremendous support over the years.”

“I believe in NARPM® & want to help in any way I can.”

“I care about my industry and want to make a difference.”

“I find NARPM® to be beneficial to me, so I feel that I should give back by helping to keep everything going! Without involvement from the membership, we wouldn't get where we are going!”

“To help other Members become better at their craft.”

“I love the Networking with other NARPM® Members as well as serving in some capacity (big or small).”

“Initially, it was to help me receive my designations; however, I have remained on the committee as I want to help and give back to the Association.”

“NARPM® has taught me most of what I know about PM. I am choosing to give back by being on a committee.”
